

To Whomsoever It May Concern,

I'm writing to recommend Ashutosh Kumar, who worked with us at Caimera as an AI Prompter, and later as a Senior AI Prompter, from November 2023 to February 6, 2026.

During his time with us, Ashutosh consistently showed creativity, strong problem-solving ability, and ownership of his work. He successfully delivered over 4,000 high-quality AI-generated visuals for our clients and was recognized twice for delivering the highest volume, while consistently maintaining strong quality standards.

What stood out most was his technical aptitude - he was comfortable with technical tools and had a knack for spotting workflow inefficiencies and building scalable solutions to fix them. He demonstrated a clear understanding of both creative and technical requirements and actively improved processes and overall output efficiency. He approached his work with a thoughtful, solution-oriented mindset and was dependable in meeting desired outcomes.

In addition to his technical and creative strengths, Ashutosh is collaborative and easy to work with. He communicates clearly, takes feedback constructively, and consistently looks for opportunities to add value.

I'm confident that Ashutosh will be an asset to any organization and will excel in roles that need both creative problem-solving and technical depth.

Sincerely,

A handwritten signature in black ink, appearing to read 'Prateek Gupte', with a stylized flourish extending from the end.

Prateek Gupte
CTO & Co-Founder,
Caimera
